WELCOME TO KENSINGTON PALACE

We hope you enjoy your visit to this wonderful building, which has been a royal home since 1689.

The palace is divided into two halves – public rooms including the Queen’s and King’s State Apartments, which you can visit and uncover the public and private stories of the young royal families that have lived here, and a separate, private side where members of the Royal Family live today.

You can choose to visit the exhibitions in any order.

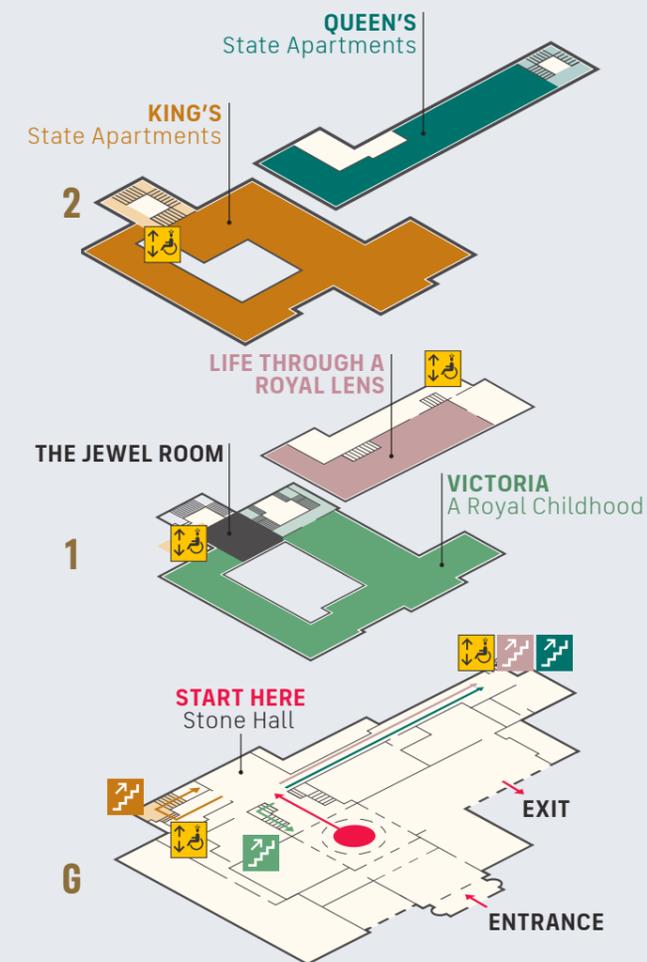

Don’t miss the beautiful Sunken Garden, featuring the statue of Diana, Princess of Wales, unveiled in July 2021.

7 The Baby in The Palace

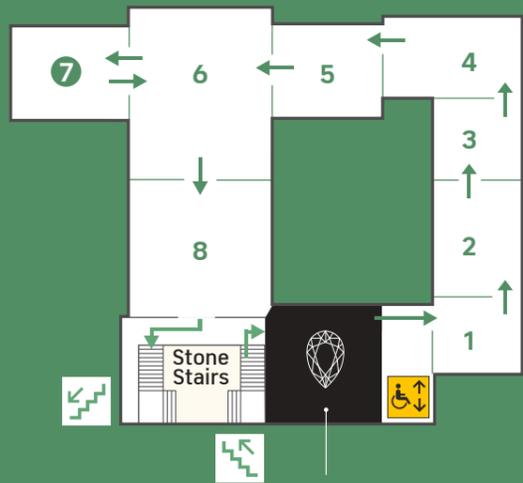

Queen Victoria was born in this room on 24 May 1819. Her parents, the Duke and Duchess of Kent, travelled over from Germany at the last minute so that their daughter would be born in England. After her safe arrival, the Duchess of Kent declared that baby Victoria was ‘a pretty little Princess, plump as a partridge.’

1800s–Present

Discover the stories behind history’s most iconic Royal images and glimpse into the personal albums of the most photographed family in the world.

History where it happened (Gardens)

Within a few hours of the news that Princess Diana had died on 31 August 1997, Kensington Palace was swamped with visitors. The Gold Gates, just outside the palace were covered in floral tributes to the princess. In the days that followed every inch of railing around the palace was covered with flowers, which stretched out like a carpet into Kensington Gardens.
